## WORK EXPERIENCE

[August 2022 – present] Capgemini, Wroclaw

### Software Engineer

Taking part in developing from scratch and maintaining a bunch of projects in financial service domain. Leading a frontend team:

- Developing UI (React, Redux, Saga, Typescript, Rest, Material UI) and common UI library shared through other projects
- Communicating with BA, PM, Devops, QA and other teams to solve current issues
- Maintaining Jira Board and Confluence Wiki pages in actual status
- Code reviewing
- Mentoring junior developers

NDA

**[February 2021 – July 2021] Kwatek LLC, Minsk**

## Software Engineer

Developing a large international project connected with green electricity in a big multinational team:

- Developing UI (and partly UX) part of the project including the own UI and api-communication libraries
- Maintaining Jira Board, creating, assigning tasks and controlling development process of other team members
- Code reviewing and merging pull requests
- Deciding and negotiating the project architecture with other Team Leads (backend, devOPS, QA, UX, etc.), Product owner, BA and PM

NDA

**[February 2020 – February 2021] TNT Soft, Prague**

## Front-End Developer

Within the team of 4 developers was developing the project from scratch (authentication process, student profile, admin dashboard, etc.).

Project is now running as <https://educat.courses>

NDA

**[November 2008 – February 2020] Embassy of UAE, Minsk**

## IT Officer

- Maintained Embassy's web page
- Provided technical and IT support for all Embassy staff
- Organized digital/technical part of Embassy events
- Ensured and maintained computer infrastructure for the Embassy and provided advisory support for replacing defective equipment as necessary
